

My eQuals

Learnings from the first 18 months of implementation and operation

Jay Segeth
My eQuals Program Director

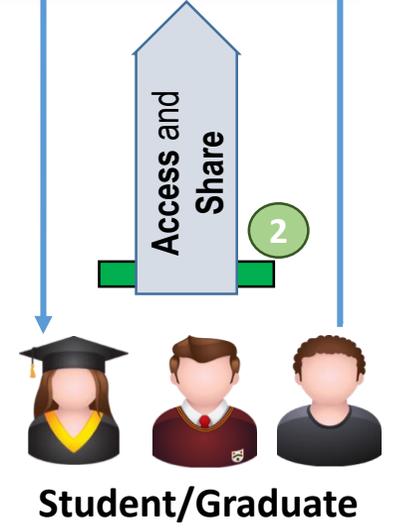

8 May 2018

Platform overview

- Provisions the document
- Digitally certifies the document
- Provides login to document owner
- Can revoke or update the document

Higher Ed Services Pty Ltd
 Manages My eEquals on behalf of the participants

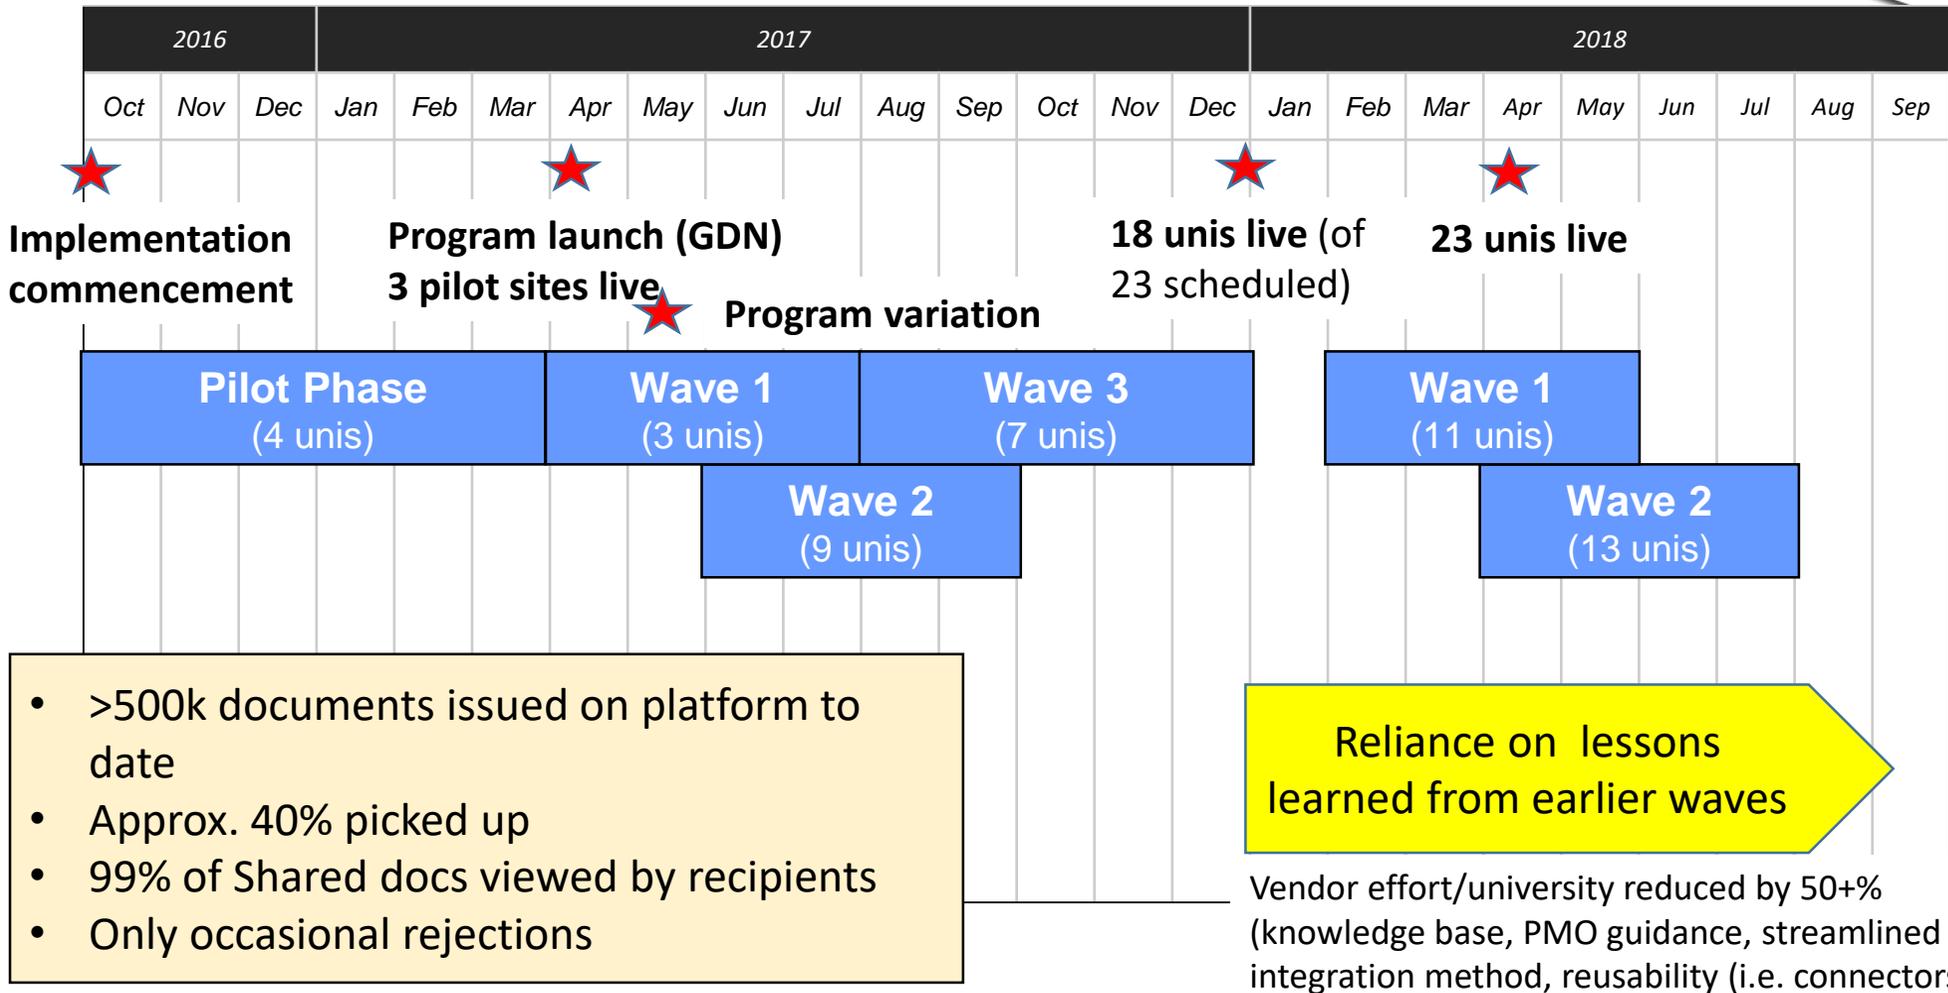

- Can view document when successful login/authentication
- Cannot upload documents
- Cannot alter documents
- Can determine who documents are shared with

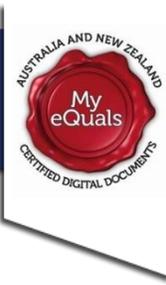

- Can view shared document (link or PDF)
- Can verify (view original document on My eEquals)
- Can download and save document (PDF)
- Cannot alter or upload documents

We have made significant progress since GDN '17

Learnings #1 – Know what you wish for

University

- *BC objective*: Efficiency, Fraud
- *Selection*: Functional and non-functional requirements

Employer/3rd party

- *BC objective*: Trust, convenience
- *Selection*: No specs

Student/Graduate

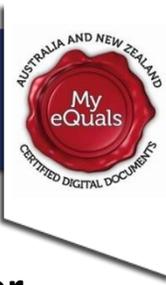

- *BC objective*: Student experience benefits (anytime anywhere access)
- *Selection*: Requirements & User scenarios

Detailed requirements (how)

Vs

Outcome-based procurement (what)

Learnings #2 – Acknowledge external communication

- Vast recipient landscape
 - ANZ and Global
 - verifiers, recruiters, employers, government (in many forms), other universities, professional bodies, etc
- Different communication modes
 - Awareness
 - ANZ going digital
 - What is My eQuals anyway?
 - Instruction
 - How does it work?
 - Fielding ad-hoc queries
 - capture unmet requirements
 - Respond to rejections

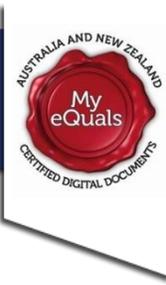

External communication register

3RD PARTY ORGANISATION/BODY			COMMS APPROACH			
ORGANISATION/BODY	Category	Country of Origin	Present/ meet (awareness)	Present/ meet (workings)	Mailing/ letters (awareness)	Mailing (workings)
ACTAC	Recipients	ANZ	V	V	V	V
Chartered Accountants of Australia and NZ	Peak employer	ANZ	X	X	V	V
Department of Education (Australia) - Mobility Branch	Government	Australia	V	V	V	V
AUSTRADE	Government	Australia	X	X	V	V
DFAT - Department of Foreign Affairs and Trade	Government	Australia	X	X	V	V
AAGE (Australian association of Graduate Employers)	Peak employer	Australia	V	V	V	V
PA (Professions Australia)	Peak employer	Australia	V	X	V	X
CPA Australia	Peak employer	Australia	V	V	V	V
Australian Association of Social Workers (AASW)	Peak employer	Australia	X	X	V	V
Australian Computer Society	Peak employer	Australia	X	X	V	V
Australasian College of Health Informatics	Peak employer	Australia	X	X	V	V
Australian Health Practitioner Regulation Agency (AHPRA)	Peak employer	Australia	V	V	V	V
Australian Dental Council	Peak employer	Australia	X	X	V	V
Engineers Australia	Peak employer	Australia	X	X	V	V
Institute of Management Consultants	Peak employer	Australia	X	X	V	V
Australasian Veterinary Boards Council Inc	Peak employer	Australia	V	X	V	V
Royal Australian College of Surgeons	Peak employer	Australia	X	X	V	V

600+ entities and growing

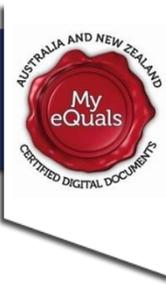

V	Activity undertaken/scheduled
V	Activity to be undertaken
X	No activity planned

Learnings #3 – Allow for “Unknown Unknowns”

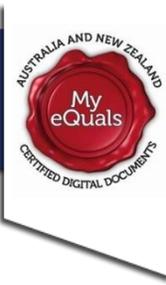

- In the early stages – A new ~~crisis~~ challenge every day:
 - Unpredictability of XML only approach (lesson: separate data from presentation)
 - Reliance on SMS vendors (lesson: PMO should manage)
 - Catering for 47 different governance requirements (security in particular)
 - Leverage existing university systems (i.e. payments)
 - Acceptance of shared platform (one size fits all)
- Empowered and “intelligent” PMO
 - Support universities in their preparations
 - Innovate integration approach (XML => PDF/embedded XML)
 - Make the most of goodwill of the My eQuals collective

Learnings #4 – *Enjoy Accidental Value*

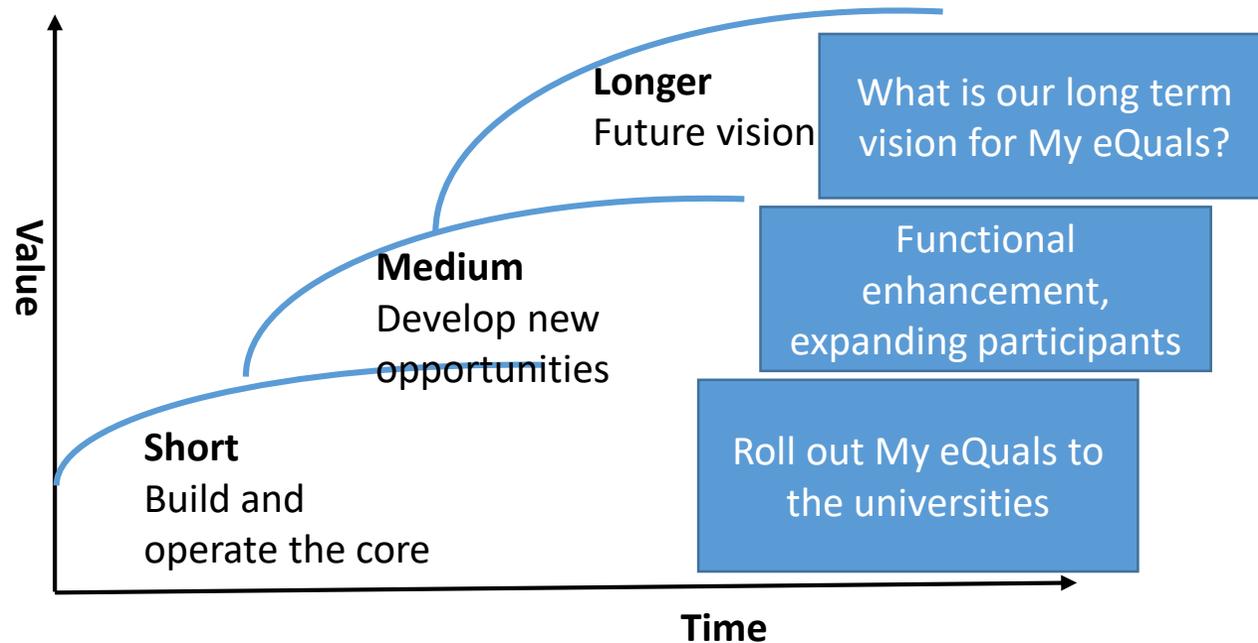

- Value multiplier of a true whole-of-ANZ platform – participation by all 47 universities was not anticipated
- Significant cost benefits of collective initiative vs go-alone
- Transportability of sector-wide collaboration learnings to new initiatives
- Many platform extension opportunities

Learnings #5 – Consider the Future

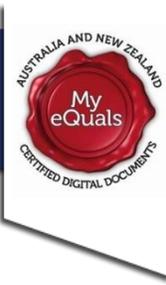

- Secure online ANZ credentials
- ANZ-wide platform of credential data and documents

Three horizons

Learnings #5 – Consider the Future

Future State options (indicative)

- Secure online ANZ credentials
- ANZ-wide platform of credential data and documents

We have started to consider the mid and longer term horizons

- Value-add 3rd party services (i.e. verification)

Self-sustaining Funds to innovate

- Shared Credit Transfer platform

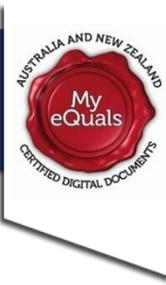

Needs agreement on framework/rules

- Badges/Micro Credentials
- RPL

Common framework?

- Facilitate employment outcomes (i.e Digital CV)

Maintain relationship with alumni

Thank you
